

### Accessing Supplemental Data

1. From the Provider Insights page, select the "Controlling High Blood Pressure" measure
2. Find your patient (Option: Patient Search)
3. Click on the Clipboard icon  
*A dialogue box should appear*

### Inputting Supplemental Data

4. Input test date under "Systolic" and "Diastolic" Procedure Date
5. Click inside the "Procedure" box. Double click the appropriate systolic & diastolic CPT II from the "Procedure" list (See chart below for CPT II descriptions)
6. Input the blood pressure value into the appropriate "Results" box

### CPT II Guidelines and Description

HEDIS Measure Name and Documentation Guidelines	CPT II code	CPT Category II Code Description	Charge Amount
<b>Controlling High Blood Pressure (CBP)</b> Medical record stating hypertension diagnosis and the following blood pressure screening documentation: •Date and most recent results of the blood pressure reading. •The blood pressure reading must occur on or after the date of the second diagnosis of hypertension. •Documentation must be from provider managing the condition. Note: Two codes (one from 3074F-3077F and one from 3078F-3080F) must be reported to identify the lowest systolic and lowest diastolic reading to satisfy the CBP measure.	3074F	Most recent systolic blood pressure <130 mm Hg	.00 or .01
	3075F	Most recent systolic blood pressure 130-139 mm Hg	.00 or .01
	3077F	Most recent systolic blood pressure >=140 mm Hg	.00 or .01
	3078F	Most recent diastolic blood pressure <80 mm Hg	.00 or .01
	3079F	Most recent diastolic blood pressure 80-89 mm Hg	.00 or .01
	3080F	Most recent diastolic blood pressure >=90 mm Hg	.00 or .01

### Attach File

- Click the paperclip icon and a new dialog box will appear
- Click "Browse" and select file to attach documentation

Submit file as a PDF including patient name, DOB, MRN, date of service, and provider name. Name the file as: Last Name, First Name, DOB, Measure (GSD), payer (e.g., "Smith John01011961 GSD UHC").

- Click "Upload" and the file will appear under "File History"
- Click "Submit," then "Close"

**Controlling High Blood Pressure**

Please Indicate the ser both Systolic and Diast

**Systolic Proce**

Procedure Date  
mm/dd/yyyy

Place of Service  
Select

**Diastolic Proce**

Procedure Date  
mm/dd/yyyy

I confirm that there is docu measurement year.

Close Submit

### Verify Completion

- The paperclip and clipboard icon should now appear solid black to verify data has been accepted

Compliance status typically take 24-hrs to reflect in Lightbeam
